DRUG AND ALCOHOL DEPENDENCE

CONTENTS

Volume 30 (1992)

Validity of patients' self-reported drug use as a function of treatment status
by M.F. Sherman and G.E. Bigelow 1
Supersensitivity to Naloxone following acute morphine pretreatment in humans: behavioral, hormonal and physiological effects
by S.T. Higgins, K.L. Preston, E.J. Cone, J.E. Henningfield and J.H. Jaffe 13
Personality and religion among female drug misusers
by L.J. Francis, G.A. Bennett 27
Characteristics of attenders to community based alcohol treatment centre with special reference to sex difference
by B. Farid and M.E. Clarke 33
Interactions between alcohol and nicotine on intracranial self-stimulation and locomotor activity in rats
by G.J. Schaefer and R.P. Michael 37
Mortality in patients with dependence on prescription drugs
by W. Poser, S. Poser and P. Eva-Condemarin 49
Chronic effects of marihuana smoking on luteinizing hormone, follicle-stimulating hormone and prolactin levels in human males
by P.P. Vescovi, M. Pedrazzoni, M. Michelini, L. Maninetti, F. Bernardelli and M. Passeri 59
Effects of an oil enriched in gamma linolenic acid on locomotor activity and behaviour in the Morris Maze, following in utero ethanol exposure in rats
by O. Duffy, J.-F. Ménez and B.E. Leonard 65
Mad, bad and dangerous to know: dimensions and measurement of attitudes toward injecting drug users
by M.W. Ross and S. Darke 71
Empirical subtypes of DSM-III-R alcohol dependence: United States, 1988
by B.F. Grant, S.P. Chou, R.P. Pickering and D.S. Hasin 75
Acute ethanol effects on sensory/motor function in baboons with a history of chronic ethanol ingestion
by R.D. Hienz, D.A. Bowers, D.J. Spear and J.V. Brady 85
Pathogenesis of alcoholic myopathy: roles of ethanol and malnutrition
by A. Conde-Martel, E. González-Reimers, F. Santolaria-Fernández, J.C. Romero-Pérez and T. González-Hernández 101
Experimental approaches to the evaluation of alcohol abuse and dependence development
by I.V. Viglinskaya 111
The intravenous self-administration of antihistamines by rhesus monkeys
by P.M. Beardsley and R.L. Balster 117
Craving: consensus of status and agenda for future research
by R.W. Pickens and C.-E. Johanson 127
Triazolam as a discriminative stimulus in humans
by A.H. Oliveto, W.K. Bickel, J.R. Hughes, S.T. Higgins and J.W. Fenwick 133
The scientific/clinical response to the cocaine epidemic: a MEDLINE search of the literature
by A.J. Budney, S.T. Higgins, J.R. Hughes and W.K. Bickel 143
Failure of ondansetron to block the discriminative or reinforcing stimulus effects of cocaine in the rat
by J.D. Lane, C.L. Pickering, M.L. Hooper, K. Fagan, M.B. Tyers and M.W. Emmett-Oglesby 151
Alcohol abuse and dependence in an urban primary care clinic in Nigeria
by O. Gureje, B. Obikoya and B.A. Ikuesan 163
Acupuncture fails to improve treatment outcome in alcoholics
by T.M. Worner, B. Zeller, H. Schwarz, F. Zwas and D. Lyon 169

Dexamethasone suppression test in alcohol withdrawal: relationship to depression and liver function
by J. Balldin, U. Berggren, K. Bokström, G. Lindstedt, J. Sjöberg and C. Wendestam 175
The possible mechanism of action of ethanol on rat thymus
by M. Budeč, O. Ćirić, V. Koko, R. Ašanin 181
Cue-evoked arousal in cocaine users: a study of variance and predictive value
by J.C. Negrete and S. Emil 187
Relapse to opiate use provokes biphasic changes of blood pressure in heroin-withdrawn addicts treated with clonidine
by G. Rubio, L.F. Alguacil, C. Alamo, J. Pascual and J.R. Lopez-Trabada 193
Measuring the learning potential of abstinent alcoholics
by P. Saarnio 199
Application of a synthetic analogue of leu-enkephalin (Dalargin) in alcohol withdrawal
by N.A. Aliyev 209
Oral self-administration of pentobarbital by rhesus monkeys: relative reinforcing effects under concurrent signalled differential-reinforcement-of-low-rates schedules
by R.A. Meisch, G.A. Lemaire and E.B. Cutrell 215
Discriminative stimulus properties of cocaine, alone and in combination with buprenorphine, morphine and naltrexone
by L.A. Dykstra, P. Doty, A.B. Johnson and M.J. Picker 227
Evaluation of outpatient prescribing for substance misusers in Kuwait: the need for a rational approach
by A.M. Bilal and M.A. Khattar 235
The use of plasma levels to optimize methadone maintenance treatment
by N. Loimer and R. Schmid 241
Antisocial personality disorder, HIV risk behavior and retention in methadone maintenance therapy
by K. Gill, D. Nolimal and T.J. Crowley 247
The image of self and of the environment in drug abusers: a comparative study using the TAT
by S. Fassino, G. Scarso, L. Barbero, J. Taylor, F. Pezzini and P.M. Furlan 253
Buprenorphine alone and in combination with naloxone in non-dependent humans
by L.L. Weinhold, K.L. Preston, M. Farre, I.A. Liebson and G.E. Bigelow 263
Elementary schoolchildren's use of alcohol, cigarettes and marijuana and classmates' attribution of socialization
by P.J. Bush and R.J. Iannotti 275
Biochemical resistance to development of morphine-dependence in rats: biogenic amines, its receptors and antibodies
by D.Ju. Rusakov, E.V. Borisova, S.I. Tronnikov, M.N. Kuznetzova, A.G. Veretinskaya, N.B. Gamaleya and S.K. Sudakov 289
Changes in benzodiazepine-receptor activity modify morphine withdrawal syndrome in mice
by O. Valverde, J.A. Micó, R. Maldonado and J. Gibert-Rahola 293
